Item # VIB 14SS, Vibration Absorbers

Minimize compressor and pump vibration right at the source with Doucette Industries' Vibration Absorbers. The original flexible connectors that are still standards of the industry. Custom lengths, connections and design pressures are available.

Specifications

Hose ID	3 "
Conn ID	3-1/8 " copper sweat
Length	27 "
Material	Stainless steel hose and braid
DWP	302 psig
Weight	7.4 lbs
Other Certifications	UL File No. 6270 (UL and cUL Listed), ISO9001:2015

Features

- Absorb vibration and noise in refrigeration and air conditioning systems
- Extended compressor life by relieving stress on housing and cutting down bearing wear
- Prevent leakage at tube connections and cut service costs
- Long-life stainless steel construction
- Each unit individually tested and cleaned, then sealed in polyethylene bag
- Approved and specified by major compressor manufacturers.
- All parts are fabricated by certified brazers
- All stainless steel units are constructed with stainless steel hose and braid, copper sweat connections
- UL File No. 6270 (UL and cUL Listed)

Warning

For applications below freezing, condensation may collect and freeze under braid, collapsing convolutions. Wrap entire length of Vib-Absorber with vapor barrier tape, heat shrink P.V.C. or seal with other waterproof material.
